

Product model

Gendome Go 300

Product Introduction

The Go300 is a compact yet powerful solar-charging portable power supply with a 288Wh capacity. It is engineered with automotive-grade LiFePO4 cells and an advanced BMS system, ensuring stable performance and enhanced safety during use.Equipped with dual charging capabilities, it supports both solar charging and Type-C fast charging, offering flexible recharging options for different scenarios. Whether you're enjoying outdoor adventures or preparing for unexpected power outages, the Go300 provides reliable, convenient power to meet your daily needs.

Product selling points

- Fun outdoor travel, full scene connection
- Automotive-grade power lithium battery cells for long-term durability
- Multi-port power supply, full coverage of outdoor charging
- Flash fast charging, dual-port PD3.1 supports up to 140W

Product Parameters

Parameter Name	Basic parameters
Product model	Go 300 Portable Power Station
Rated Capacity	288Wh
Output power	Rated 300W, Peak 600W
AC Output	AC Output Port ×1 (300W)
DC Output	140W USB-C *1, 18W USB-A *2, 15W Wireless *1, 140W Bi-directional USB-C *1, 200W/160W Solar Input / DC Output
PV Input	12~30V,200W Max
Display Screen	Smart LCD
Product size	210*200*158mm
Product Weight	3.8kg
Bluetooth/WIFI	Frequency: 2400–2483.5 MHz
