

Product model

Gendome Home 3000

Product Introduction

Home3000 home portable energy storage power station is independently researched and developed, perfect for all-scenario emergency power use.It comes with 3072Wh large capacity, built-in automotive-grade LiFePO4 cells and smart BMS system, charging faster and lasting longer.Featured with 3000W rated power and 17 multi ports, it can run 90% of daily home appliances. It also supports high-power solar charging, wind charging and wind-solar complementary power supply.Great for home power outage emergency, camping, road trips, video shooting and daily outdoor use.

Product selling points

- APP remote monitoring and management, scheduled task control
- Green energy, reducing electricity costs
- EV-grade LFP battery cells, safe and reliable
- Fast charging speed, 80% power charged in 50 minutes

Product Parameters

Parameter Name	Basic parameters
Product model	Home 3000 Portable Power Station
Rated Capacity	3072Wh
Output power	Rated Power 3000W, Peak Power 6000W
AC Input DC Input	Max 3000W(EU),Max 1800W(US) Solar charge 12~75V,Max 1500W /Wind turbine Charge 12~75V, Max 200W
Output port	AC x5, 140W USB-C x2, 18W USB-A x4, 15W Wireless x2, RV Port x 1, cigarette Lighter x1
Display Screen	Smart LCD
Light	Ambient Light
Product size	560*230*543mm
Product Weight	38KG
